ARTICULATION TEMPLATE – GENERAL STUDIES CURRICULUM

Articulation Program Template for a MAJOR in _____

This template has been compiled by _____

(Name of Academic Committee or Individual Institution submitting template)

Classification of Instructional Program (CIP) Code for this Major/Program (xx.xxxx) _____

Please contact ACHE if you do not know the code for the program for which you are submitting. <https://www.ache.edu>

AREA I – Written Composition (6 Semester Hours)

Effective written communication skills are essential in a literate society. Minimum requirements include at least 6 semester hours in written composition. **(NOTE: English Composition I and II are the only courses available in AREA I.)**

AREA II – Humanities and Fine Arts (12 Semester Hours)

Study in the humanities addresses the ability to deal with questions of values, ethics, or aesthetics as they are represented in literature, philosophy, religion, and the arts, and is fundamental to general education. Minimum requirements include at least 12 semester hours in humanities with a minimum 3 semester hours in literature*, 3 semester hours in the arts, and the remaining semester hours from the humanities and/or fine arts. In addition to literature, disciplines in the humanities include, but are not limited to, philosophy, religious studies, speech, foreign languages, art, music, theatre, and dance.

*NOTE: Students must complete a 6-semester-hour sequence either in literature or in history in Area II or IV.

>>> For the list of approved courses in Area II visit our website at www.alabamatransfers.com.

----- LIST ANY SPECIFIC AREA II REQUIREMENTS IN GRAY BOX BELOW -----

AREA III – Natural and Mathematical Sciences (11-12 Semester Hours)

Study in the natural and mathematical sciences emphasizes the scientific method and applies quantitative or inductive reasoning. Minimum requirements include at least 11 semester hours with at least 3 semester hours in mathematical sciences** and at least 8 semester hours in the natural sciences which must include laboratory experiences. Disciplines in the mathematical sciences include mathematics and statistics and courses should be broad in scope and content. Disciplines in the natural sciences include but are not limited to, astronomy, biology, chemistry, geology, and physics.

****NOTE:** Some mathematics courses are offered for 4 semester credit hours. This would account for the variation in hour requirements in Area III.

>>> For the list of approved courses in Area III visit our website at www.alabamatransfers.com.

----- LIST ANY SPECIFIC AREA III REQUIREMENTS IN GRAY BOX BELOW -----

AREA IV – History, Social, and Behavioral Sciences (12 Semester Hours)

Study in history and the social and behavioral sciences deals primarily with the study of human behavior, social and political structures, and economics. Minimum requirements include 12 semester hours with at least 3 semester hours in history* and at least 6 semester hours from among other disciplines in the social and behavioral sciences. Disciplines include, but are not limited to, anthropology, economics, geography, political science, psychology, and sociology.

***NOTE:** Students must complete a 6-semester-hour sequence either in literature or in history in Area II or IV.

AGSC TRANSFER GUIDE

Institution Currently Attending: Two-Year Institutions
Major: Game Design (UAH Only)
Date: 11/17/2025

The information on this Articulation/Transfer Guide has been approved by the Alabama Articulation and General Studies Committee (AGSC) for students who intend to pursue a bachelor's degree in the major listed above. Your institution may not offer every course listed on this guide. In addition, not all four-year institutions will offer the major which you are interested in pursuing. For a listing of schools which do offer the major listed above and who will accept the course work listed on this guide, see the section at the end of the guide titled "INSTITUTIONS WITH BACHELOR'S DEGREE PROGRAMS IN THE CHOSEN MAJOR."

INSTRUCTIONS TO TRANSFER STUDENTS:

1. Read the entire Transfer Guide carefully.
2. Print and keep a copy of this Transfer Guide for verification purposes.
3. Meet with your advisor or counseling office to discuss this information.
4. In order to obtain a complete transfer agreement, you MUST also print the Area V page for the major from the receiving institution to which you plan to transfer. The Area V page gives you additional information about institution recommendations in AREAS I-IV and specific requirements not specified in AREA V on the AGSC guide. The total transfer agreement consists of the AGSC transfer agreement and the Area V page from the institution. The most effective way to access the institution page to click on the receiving institution(s) of your choice listed at the bottom of this guide under the section titled "INSTITUTIONS WITH BACHELOR'S DEGREES IN THE CHOSEN MAJOR." (NOTE: Many institutions are still developing their Area V pages; contact them directly if you cannot find the necessary information.)

SPECIAL NOTE: Any attempt to modify, change, or alter information on this document through electronic or other means would make this document null and void. Any course work taken for transfer would then have to be evaluated on a course-by-course basis by the receiving institution.

AREA I - WRITTEN COMPOSITION (6 SH)

All students are required to complete a two-course sequence in Written Composition.

ART 113	Drawing I	3 SH
ART 121	Two-Dimensional Composition I	3 SH
CIS 202	Python Programming	3 SH
ENG 246	Creative Writing I	3 SH

The remaining hours in Area V must be fulfilled by the requirements of the institution to which the student plans to transfer. Please refer to the institutional home page or catalog for a major in Game Design.

INSTITUTIONS WITH BACHELOR'S DEGREE PROGRAMS IN THE CHOSEN MAJOR

The institutions listed below offer bachelor's programs in the chosen major. They have agreed to accept the course work listed on this guide for Areas I-V upon transfer to their respective institution providing that you have taken the courses as directed, and the student chooses to pursue a bachelor degree in the chosen major. In order to obtain complete transfer agreement you MUST also print the Area V page for the major from the institution to which he/she plans to transfer. (NOTE: Some institutions are still in the process of building their Area V pages for each of their majors. If you are unable to locate the additional AREA V information from the receiving institutions Area V page, contact the institution contact person who works with transfer students and request the additional information.)

Hi Shannon,

I just checked and we can accept Math 265 in lieu of MA 181.

Thanks fo all your help!

In Area III on the guide, I can only list courses that have been approved by the AGSC for that Area. Of those, [MTH 265 Elementary Statistics](#) is the only one that is a statistics type course. I show in our system that it is equivalent to your MA 281. What would be the two-year equivalent course to MA 181? I have attached the Math courses from the two-year common course directory for your reference.

Hi Shannon--

This looks good, however, in the math area, MA 181 statistics is required. Let me know if you have any questions--

Hi Shannon--

Thanks so much for your reply. I have another question, we have courses in the program that have equivalents at the community colleges, but students should not have to take them to complete their associate's degree. They could be used in Area V, or as elective and would transfer in. Should I include those in Area V in case students want to take them as electives?

Should I separate them with a heading like "Suggested electives"? or just list them as possibilities in area V. I want to be sure that it is not confusing,

Thanks so much,

Jill

You can access the Alabama Community College System common course directory by going to <https://info.accs.edu/index.cfm/workforce-development/career-technical-education/course->

[directory/course-directory-listing/](#). The computer sciences courses are listed under the "Section 2 Career & Technical". It is hard to know which community colleges offer the courses and which do not. The larger community colleges like Calhoun and Jeff State will most likely offer most of the courses, but the smaller more rural community colleges may not.

I have recently worked with UAH on the Cyber Security/Operations Technology guide (view it @ <https://alabamatransfers.com/official-guide/demo?major=cyber-security>). There were several CIS courses that I added to our database in Area V that had not previously been used on any of our guides. From what I understand, you all don't directly offer all of them and will depend on students transferring in with them (correct me if I am wrong). If this is the case, what you can do, is add a note to your Area V page for these programs and to let students know that if they don't transfer in with them, they may need to take transient courses at Calhoun after they transfer to UAH (this would be in cases where students are coming from a smaller community college that may not offer the CIS courses).

Hope this helps,

Shannon

Hi Rhonda-

The template ratification form process was a bit confusing to me (I wasn't sure what it was for at first!) But I think I have gotten it. I do have a question before I finalize it. I used the list of classes from the Alabama transfers list online, but there are some courses that could go in the first two years that did not have an equivalent listed on their website. However, some specific schools had classes that matched; for example, Jeff State and Calhoun have a course called CIS 202 Python Programming, which is comparable to CS 104: Intro to CS using Python, a course required for the BS in Game Design degree.

Is there a comprehensive listing of community college possible courses available somewhere, so I can look for equivalents that are offered at all community colleges? Should I list classes with our course numbers, which might be taught at some of the community colleges?
