AGSC TRANSFER GUIDE

Institution Currently Attending: Two-Year Institutions
Major: Artificial Intelligence
Date: 08/12/2026

The information on this Articulation/Transfer Guide has been approved by the Alabama Articulation and General Studies Committee (AGSC) for students who intend to pursue a bachelor's degree in the major listed above. Your institution may not offer every course listed on this guide. In addition, not all four-year institutions will offer the major which you are interested in pursuing. For a listing of schools which do offer the major listed above and who will accept the course work listed on this guide, see the section at the end of the guide titled "INSTITUTIONS WITH BACHELOR'S DEGREE PROGRAMS IN THE CHOSEN MAJOR."

INSTRUCTIONS TO TRANSFER STUDENTS:

1. Read the entire Transfer Guide carefully.
2. Print and keep a copy of this Transfer Guide for verification purposes.
3. Meet with your advisor or counseling office to discuss this information.
4. In order to obtain a complete transfer agreement, you MUST also print the Area V page for the major from the receiving institution to which you plan to transfer. The Area V page gives you additional information about institution recommendations in AREAS I-IV and specific requirements not specified in AREA V on the AGSC guide. The total transfer agreement consists of the AGSC transfer agreement and the Area V page from the institution. The most effective way to access the institution page to click on the receiving institution(s) of your choice listed at the bottom of this guide under the section titled "INSTITUTIONS WITH BACHELOR'S DEGREES IN THE CHOSEN MAJOR." (NOTE: Many institutions are still developing their Area V pages; contact them directly if you cannot find the necessary information.)

SPECIAL NOTE: Any attempt to modify, change, or alter information on this document through electronic or other means would make this document null and void. Any course work taken for transfer would then have to be evaluated on a course-by-course basis by the receiving institution.

Subject: [EXTERNAL] Artificial Intelligence and Robotics

With the recent approval of AUM's program in Artificial Intelligence and Robotics, I have added you all to the guide and template that I am currently working on with Alabama A&M University (AAMU) and the University of Alabama (UA). I have elected to simply call the guide Artificial Intelligence on Alabama Transfers.

This guide will cover the program for AAMU, AUM, and UA. Please have your team review the attached template and guide for any corrections or additions.

One thing I did want to point out is MTH 126 Calculus II in Area V. Although AUM didn't list it on the ACHE proposal, it is a prerequisite for MTH 237 Linear Algebra at the community college. Based on that, I decided to add it as a required course for all students (AAMU and UA both specifically require it). As the guide stands now, AUM students would have 10 SH listed in Area V. If there is anything else you would like to add, please let me know.

Please let me know if I need to make any updates or if everything looks correct. Our next Alabama General Studies Committee meeting will be in August and I would like to have this guide and template ready for their review/approval.

Thanks,
Shannon
